

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	Group Assignment Mastery	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
<ul style="list-style-type: none">• First name• Last name	<ul style="list-style-type: none">• Declare variable type as string since we are dealing with names• Initialize group 1 and 2 as a letter• Prepare for user input• Prompt user to input first and last name• Record and Initialize user input• If the user's last name compared to the letter assigned to group 1 comes after it alphabetically is less than zero<ul style="list-style-type: none">◦ Display that the user is in group 1◦ (Repeat for other groups)	<ul style="list-style-type: none">• (First and last name) is assigned to group (insert group number)

	while changing the letter assigned to the group)
